

Thank you Blue Cross and Blue Shield of New Mexico & “Operation Back to School”

Thanks to BCBSNM and Operation Back to School, all the school aged children in the Hope Found program at HopeWorks will start school this year with new backpacks and school supplies. “Without this generous support from BCBSNM, many of our families would not be able to supply any of these important back to school items for their kids”, stated Program Director Kellie Tillerson.

Hope Found works to rapidly re-house families with children experiencing homelessness in Albuquerque. HopeWorks provides the program infrastructure, intensive case management, and employment services while area communities of faith and local businesses sponsor the rental assistance for up to six months, one family at a time.

Thank you Consuelo Bolagh-Cowder, BCBSNM Community Relations, and Candice Greigo, BCBSNM Community Outreach Specialist for your amazing delivery today.

If you would like to give to families in need, please visit our web site at [www.hopeworksnm.org](http://www.hopeworksnm.org) or call 505-242-4399.
